SEATA HONORS & AWARDS

Hall of Fame: The Southeast Athletic Trainers' Association Hall of Fame honors those members who have distinguished themselves through personal sacrifice, consummate professionalism and exceptional contributions. Each of these exemplary certified athletic trainers has worked or lived in District IX for 15 years and served their profession with distinction for more than 20 years. Service to SEATA is the primary consideration and reflects a lifetime of selfless devotion to the association through volunteer service, leadership, advocacy and professional activities. SEATA is deeply indebted to these Hall of Fame inductees for their legacy of dedicated service that is inspirational in advancing the ideals and standards of our noble profession. Investiture into the Hall of Fame is the most prestigious and ultimate tribute bestowed on distinguished athletic trainers by the Southeast Athletic Trainers' Association.

Most Distinguished Athletic Trainer: The SEATA Most Distinguished Athletic Trainer Award is designed to recognize and honor those members of our District who have served and demonstrated outstanding and unusual service to SEATA and the profession of Athletic Training.

Chuck Kimmel Award of Merit: One of the highest awards given to a member of the Southeast Athletic Trainers' Association. Its purpose is to recognize the person that has worked for the District on a national level. It is a way to distinguish one who has brought honor and recognition to the District. A distinction reserved for the most able of professionals in the field of athletic training. The SEATA Executive Board renamed the SEATA Award of Merit to the Chuck Kimmel Award of Merit on January 30, 2008 to honor Chuck Kimmel for his many contributions to the profession of athletic training through his work in SEATA and the NATA.

Jack C. Hughston, M.D. Sports Medicine Person of the Year: This award is given to the person that has contributed to SEATA and athletic training as a profession. Both medical and non-medical persons have been recipients of this award. This award is the highest award given to a person who may not be an athletic trainer and is designed to show the district's appreciation for particular contributions to the field of athletic training in the southeast. This award was renamed in honor of Dr. Jack C. Hughston, M.D. by the SEATA Executive Board in December 2004.

R.T. Floyd District Award: There are many people who serve SEATA very well. It is dedicated to the person who has given of himself or herself to promote, lead, and work for the District. They may not have served on a national level but have made significant contributions on the district level. In March 2015 the SEATA Executive Board renamed this award to the R.T. Floyd District Award to recognize R.T. Floyd for his outstanding contributions to SEATA and the athletic training profession.

Backbone Athletic Trainer Award: One of the first awards given by SEATA. It is designed to recognize an assistant athletic trainer that has played a major role as backbone to the Head Athletic Trainer. This award is for the person working in the trenches day to day for whatever is needed in the athletic training room, the true professional. A cash award goes to this recipient.

High School Athletic Trainer Award: This is an opportunity to recognize someone in the District on the secondary school level. This honoree has made a major impact on their communities and institution. Many of these people may not have had their chance to serve on the District or National levels. However, their importance has been seen in the state and communities where they reside. They have contributed to the growth and awareness of the profession of athletic training. A cash award goes to this recipient.

Kenny Howard College / University Athletic Trainer Award: This award will recognize an athletic trainer at the college / university level for service to the institution, the community, as well as SEATA. This person serves many functions in addition to athletic training. In March 2107, the SEATA Executive Board renamed this award in honor of Kenny Howard, a SEATA charter member, for his life long leadership and excellence in our profession.

Clinic / Industrial / Corporate Athletic Trainer Award: We will honor an athletic trainer that has represented our profession well in a clinic, industrial or corporate environment. This venue of service enlightens the public to the many benefits of having an athletic trainer in the workplace.

Professional Athletic Trainer Award: This honor will recognize an athletic trainer associated with a professional sports team in our district. This recipient will be an athletic trainer involved in professional sports that represents our profession well and makes athletic training more visible.

Education/Administration Athletic Trainer Award: Many athletic trainers serve as educators or in administrative positions. This award is given to a member that is committed to teaching athletic training skills and functioning in a leadership capacity at an institution.

Sponsors Award: SEATA is very appreciative of our many friends that have supported athletic trainers through the years. We honor those who have made an impact on our organization through their contributions.

Young Professionals' Distinction Award: This award recognizes a District IX young professional athletic trainer that has positively impacted the athletic training profession at the state and district level. This award is unique to District IX young professionals and explores the depth and breadth of character, service and professionalism.

Nick Pappas Legislative Advocacy Award: In honor of Nick Pappas' unwavering dedicated unselfish efforts for legislative and governmental affairs initiatives, the SEATA Executive Board on September 16, 2019 created this award to recognize a dedicated SEATA member who follows Nick's example of leadership, passion and service as an advocate for the athletic training profession.

The Southeast Athletic Trainers' Association (SEATA) is District IX of the National Athletic Trainers' Association. It is a not-for-profit organization dealing with the concerns of its members and the profession of athletic training as a whole. This association was first started back in 1950. Initially comprised of the members of the Southeastern Conference schools, this district is represented by Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, Tennessee, Puerto Rico, and the Virgin Islands.

The 2020 Tim Kerin Memorial Awards Luncheon

The Tim Kerin Memorial Awards Luncheon was established to honor longtime University of Tennessee Athletic Trainer Tim Kerin for his dedication and service to the Southeast Athletic Trainers' Association. From its inception until his untimely death, Tim served as Chairman of the SEATA Honors and Awards Committee. He established the awards, which included the Award of Merit, Sports Medicine Person of the Year, District Award and Backbone Award. His love for athletic trainers has made SEATA's Honors and Awards Program what it is today. Gatorade has supported the Awards ceremony generously over the years as a result of its relationship with Tim Kerin.

Gerard has been an active member of the NATA since 1983 (37 years), with 36 of those years with SEATA practicing in Mississippi and Louisiana.

His passion for athletic training was instilled in him during his high school years where he volunteered as a student-aid for four years. His high school mentor, the late Charlie Reed, ensured Gerard's journey by introducing him to the late Charlie Martin, LAT, ATC (NATA, SEATA, and LATA Hall of Famer), the head athletic trainer at the University of Louisiana at Monroe (ULM). During his undergraduate years at ULM (1982-1987), Gerard first experienced SEATA at a conference hosted by the Atlanta Falcons in Suwanee, GA. He continued his graduate studies serving as a graduate assistant athletic trainer and then as an assistant athletic trainer for ULM.

During his 28 years tenure at Nicholls, he initiated the athletic training education program serving as the Program Director and then the Clinical Education Coordinator. He currently serves as an Assistant Professor of Health Sciences in the Department of Allied Health Sciences.

Gerard's professional service in both state and district leadership roles began with his election as LATA Treasurer (1999-2007), with three of those years serving as the Louisiana Representative on the SEATA Executive Board (2004-2007). He was appointed as the SEATA Parliamentarian (2008-2010) and elected as President of LATA (2010-2016). In the summer of 2016, he began his first term as SEATA President. Additionally, he continues to serve to the Commission on Athletic Training Education (CAATE, 2008-present) as a Site Visitor.

He has been recognized for his contributions to athletic training and the community. Gerard was inducted into the LATA Hall of Fame (2016), the recipient of the SEATA Most Distinguished Athletic Trainer Award (2015), the SEATA Chuck Kimmel Award of Merit (2015), the SEATA President's Award for Service (2011 & 2007), Nicholls State University Service Award (2011), the SEATA Educator's Award (2008), Nicholls State University Academic Council Salute (2008), University of Louisiana at Monroe Athletics Hall of Fame (2007), NATA Service Award (2006), the SEATA Memorial Graduate Scholarship (1987), and the SEATA Memorial Undergraduate Scholarship (1985).

**ATs IMPACT
HEALTH CARE
THROUGH ACTION**

MARCH 2020

Athletic trainers are impacting change in health care. Together with doctors, coaches, school administrators, military leaders, government officials, performing arts organizations and legislators, ATs are reshaping how injuries are treated and, more importantly, prevented. The future of health care requires action before, during and after an injury, and **ATs Impact Health Care Through Action.**
